90° Play Port Funnel Bridge

Model View

Description

We took our new Play Port Funnel Bridge and gave it a 90-degree turn to provide more design flexibility for your PrimeTime play system. A GameTime exclusive, the PlayPort 90-Degree Funnel Bridge is a fun way to connect two sections of a play system. The funnel shape lets children look over the rail and down to the playground below and the Play Port in the middle of the span allows the installation of a climber, slide or other attachment.

Features & Benefits

- Connects two sections of the play system with a fun, two-deck span
- Allows a climber, slide or other attachment to be installed along the bridge
- 90-degree turn in the bridge provides more fun and design flexibility
- Choose from any of our standard metal colors
- Available for deck heights of 1'6" - 8'
- Constructed of durable, recyclable materials and backed by the industry's...
