Arch Bridge 3D - 3 Deck Span

Model View

Description

Design Features:

Consistent PowerScape 3D design language

Footpath is higher in the middle than at the ends, creating an arch

Available in any combination of metal and HDPE colors

Benefits:

Provides a stylish way to link two sections of the play system across a 3-deck span (12')

Bridges offer a fun way to explore the play system

The PowerScape 3D Arch Bridge is a stylish take on our standard Arch Bridge. Routed HDPE and punched steel pattern is consistent with the rest of the 3D enhancement products and is backed by the industry's leading warranty.
