Bubble Climbing Wall

Model View

Description

Bubble Climbing Wall is a fun climbing activity for children ages 2-5 to enjoy. This upright climber is compatible with Xscape play systems and acts as access point to an attached play element. Kids can enhance decision-making skills as they scale the climber and decide which holes are meant for hands and which are meant for feet.

Features & Benefits

- Enhances decision-making skills and core strength
- Promotes balance and coordination development
- Develops fine motor skills and hand-eye coordination
- Versatile addition to any Xscape play system
