

Butterfly Net

Model View

Description

Children can soar on the wings of a butterfly with this play functionally linked climber. The middle spine provides a more challenging climb for advanced climbers, while the wings allow for less challenging climbing experiences and opportunities to gather, rest and socialize.

Features & Benefits

- Play functionally linked climber
- Provides varied levels of challenge for climbers of all ages
- Children can gather on net wings to rest or for social interaction
- Uneven rungs on spine provide increased climbing challenge
- Nets supported by durable steel frames
