One-Piece Platform Whirl

Model View

Description

The playground whirl is a perennial favorite activity of children the world over. This 7'6" whirl is constructed of a single piece of steel and is installed with a fully-enclosed motion mechanism that features a velocity brake for consistent speed control. Big enough for 4-6 children to enjoy the benefits of spinning play, the One-Piece Whirl feature wide platform areas and multiple handgrip areas that provide support whether users sit or stand.

Features & Benefits

- Enhances balance and coordination skills in a fun spinning activity
- Encourages social and collaborative play
- Velocity brake maintains a controlled speed throughout the ride
- Constructed of durable, recyclable materials and backed by the industry's leading warranty
