RockScape® Quadri Climber

Model View

Description

A four-sided ladder climber that can be attached between as many as four RockScape climbers. Design a RockScape challenge course that extends in four different directions with this climber as the central hub.

Features & Benefits

- An economical climbing attachment for freestanding RockScape
- Can be attached between RockScape events or as a link to a play system on four sides
- Increases directional interest while enhancing climbing adventure
- Provides an effective, age-appropriate upper and lower body workout for children ages 5-12
