RockScape® Rope Walk

Model View

Description

Children can learn to "walk the tightrope" along this fun rope climber. The Rope is 3" in diameter and is constructed of galvanized steel cables encased in nylon rope. There is a powder-coated Hand Support, constructed of galvanized steel, to help children maintain their balance as they walk across.

Features & Benefits

- Helps children develop balance, coordination and concentration skills
- Handrail support bar positioned at an appropriate height for children ages 5-12
- Can be used as part of a RockScape climbing area or as a link on a PowerScape play system
- Includes overhead support bar, rope and all necessary installation hardware
