SeeSaw

Model View

Description

Our SeeSaw is a fun and innovative take on a playground favorite. Children sit in the aluminum seats with built-in handholds. As they shift their body weight to enjoy the classic “seesaw" activity, the fully enclosed rubber spring mechanism creates a smooth gliding motion and prevents abrupt stops and starts endemic to old-fashioned seesaws.

Features & Benefits

- Aluminum seats with built-in hand grips
- A playground favorite, updated to provide a better play experience
- Rubber spring mechanism provides smooth “seesaw" motion without sudden drops or lifts
- Durable construction with recyclable materials that are backed by the industry's leading warranty
