# Space Module

Model View

## Description

Space Module is a fun climbing activity for children ages 5-12 to enjoy. Children can climb the structure and gather within its pod. Its strong, durable design allows for numerous children to gather and climb at one time. It's a great social outlet and climbing activity for any park.

### Features & Benefits

- Includes climbing and social activity for children to explore
- Great sightlines for parents to watch children
- Encourages social interaction, teamwork, and imaginary play
- Fun, futuristic space design
