Sway Steps - Pro

Model View

Description

Designed to be both a mental and physical challenge the Sway Steps help develop balance, coordination, agility & problem-solving. Designed with a textured stepping surface to provide a sturdy stepping surface the steps are spaced at varying distances and heights with a coil spring base that requires the user to engage their core and balance as they progress through the challenge while using their problem-solving skills to find the quickest path of travel.. Use as a challenge in your own custom course or pick from one of our pre-configured courses Pro 3000 (13642), Pro 4000 (13643), or Pro 5000 (13644)

Features & Benefits

- Marine grade textured stepping surface to provide a sturdy platform
- Durable coil spring creates controlled instability to promote core and balance development
- Versatile challenge that helps develop balance, coordination, agility & problem-solving
