Traverse Wall - Pro

Model View

Description

Ropes, rock climbing wall, and elevated grip rails provide users a varied course of transit as they traverse the wall. Move laterally across the wall using hands and feet to traverse from net to wall to net. Advanced users can incorporate overhead bars for added challenge! Use as a challenge in your own custom course or pick from one of our pre-configured courses Pro 3000 (#13642), Pro 4000 (#13643), or Pro 5000 (#13644)

Features & Benefits

- Promotes lateral climbing and facilitates muscle fitness, core & grip strength development.

- Enhances cognitive development and decision-making skills
- Angled design with undulating top rail with multiple paths if travel to create additional challenge and promote problem-solving
