Worm Hole

Model View

Description

The Worm Hole is a fun and challenging functional link for children ages 2 to 5 or 5 to 12. It features four suspended pods that are tethered to the ground and enhances a child's decision-making and gross motor skills during play. Children can crawl through the center of the tunnel or sit and socialize with friends.

Features & Benefits

- Rotationally-molded plastic pods sway slightly as children crawl through from one end to the other
- Designed to enhance a child's decision-making and gross motor skills during play

- Pods are a comfortable place for children to sit and socialize
- Constructed of durable, recyclable materials and backed by the industry's leading warranty
