

## Sensory Wave® Climber Up "S"

## **Description**

The Sensory Wave Climber™ is the industry's first playground climber that allows children of all abilities to enjoy the benefits of climbing while enhancing sensory development. Strategically placed molded-in grips, hand holds and transfer area provide additional support for children of all abilities to maneuver through the climber. With a wide array of auditory, visual and tactile sensors, you can create a sensory-rich freestanding or play system experience for all. This features auditory sensors with adaptive switch capability.

Available at 3' & 3'-6" (91381), 4' & 4'-6" (91382), 5' & 5'-6" (91383), 6' (91384)
