Sensory Wave® Climber Horseshoe Arch

Model View

Description

The Sensory Wave Climber™ is the industry's first playground climber that allows children of all abilities to enjoy the benefits of climbing while enhancing sensory development. Strategically placed molded-in grips, hand holds and transfer area provide additional support for children of all abilities to maneuver through the climber. With a wide array of auditory, visual and tactile sensors, you can create a sensory-rich freestanding or play system experience for all. *This features auditory sensors with adaptive switch capability.*
