ShadowPlay® Flower

Model View

Description

ShadowPlay® Flower is a fun, imaginative ground-level play activity that allows children of all abilities to capture the sun's light and create playful shadows on the ground below. Vibrant acrylic panels are attached to a rotating upright, 12 feet above the ground. As a user turns the handle near the base of the upright, the panels rotate, casting a rainbow of colors below. ShadowPlay Flower provides a wide range of sensory, cognitive and motor skill benefits, while adding aesthetic beauty to your park or playground.

Features & Benefits

- Playful art activity that inspires imaginations
- Promotes gross motor skills, enhances sensory and cognitive development
- Vibrant acrylic panels case colorful shadows along the ground as users turn the handle
- Ground-level, inclusive play that is accessible and ADA compliant
- The flower spins in an outward motion and provides an enchanting visual shadow play experience on...
